

The Magic of Giving **Project Magic**

Meets at Dekalb Medical Center (Decatur) the third Thursday of the month at 6:30 PM. A magic show is presented to the patients along with the teaching of simple effects. This concept was started by David Copperfield in the 80's. A great way to provide community service and get some audience practice. Contact Tim Wolfe, John Miller or Donnie Golson.

Thanks, and don't hesitate to write or call if you have additional questions.

How to Generate word of Mouth

"I don't have to do any marketing. I get my work by word of mouth."

So you think the best way is to sit at your desk and wait passively for the phone to ring. To really generate word of mouth there is more to it than that.

There are things you can do to get people talking. You can send out postcards, newsletters or press releases. It is human nature for people to forget things they want to remember. So, if someone sees your name on your promotional the next day they are more likely to remember your name and refer you to a friend.

Just remember a little extra can get people talking.
